THE THIRD TRANSNATIONAL PROJECT MEETING IN RZESZÓW, POLAND

The third transnational meeting of the iHETP project took place on September 4-5, 2024 in Rzeszów, Poland, hosted by our Polish partner, Danmar Computers. Over the course of two productive days, the project partners reviewed all the work completed so far and set the stage for the upcoming final events. With strong collaboration and shared ideas, the project is progressing smoothly to its final stages and meeting its goals.

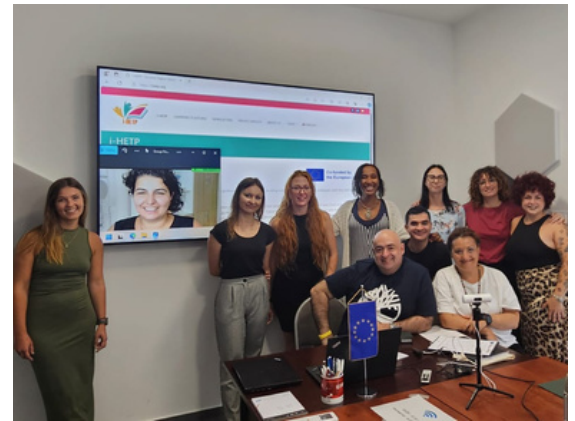

Get Ready for Our Symposium!

One of the key highlights of this meeting was the preparation for the upcoming international symposium at the end of October, led by Atlantica University from Barcarena, the project coordinator.

The symposium will be a hybrid event, allowing both in-person and online participation.

If you're interested in joining, keep an eye on our Facebook and LinkedIn pages for more details:
